

EXECUTIVE AGENCY "ROAD TRANSPORT ADMINISTRATION"

EXAM QUESTIONS FOR CANDIDATES FOR ACQUISITION OF DRIVING LICENSE FROM CATEGORIES AM, A1, A2, A, B1, B AND T

Topic 14: TRAVEL ORGANISATION

Points	Number	Question and answers
1	1/1	<p>Daily travel under the same conditions and using the same route causes habituation to the road conditions and weakening of attention.</p> <p><input checked="" type="checkbox"/> true <input type="checkbox"/> false</p>
1	1/2	<p>Daily travel under the same conditions and using the same route:</p> <p><input checked="" type="checkbox"/> causes habituation to the road conditions <input checked="" type="checkbox"/> causes weakening of attention while travelling <input type="checkbox"/> allow the driver to drive safely at a speed higher than the permitted</p>
1	2/1	<p>In case of long-distance travel, it would be safer for the less experienced driver if:</p> <p><input checked="" type="checkbox"/> the driver avoids travelling at night <input checked="" type="checkbox"/> the driver does not drive at high speed <input type="checkbox"/> the driver avoids driving on highways</p>
1	3/1	<p>In case of forthcoming long-distance travel, the travel would be safer and easier:</p> <p><input checked="" type="checkbox"/> if we choose a route in advance <input checked="" type="checkbox"/> if we pre-plan appropriate stops for rest <input type="checkbox"/> if the travel involves only a few stops <input type="checkbox"/> if the travel is carried out at night</p>
1	4/1	<p>A reason for faster occurrence of fatigue in the driver of a motor vehicle is:</p> <p><input checked="" type="checkbox"/> the incorrect posture while driving <input type="checkbox"/> conversations with the passengers in the vehicle <input type="checkbox"/> the billboards by the road</p>

1	5/1	<p>The incorrect posture of the driver while driving causes faster occurrence of fatigue.</p> <p><input checked="" type="checkbox"/> true</p> <p><input type="checkbox"/> false</p>
1	6/1	<p>What are the consequences for the driver when driving with an unadjusted seat for a long time?</p> <p><input checked="" type="checkbox"/> faster occurrence of fatigue</p> <p><input checked="" type="checkbox"/> spinal and muscular tension and pain</p> <p><input type="checkbox"/> stays concentrated for a longer period of time</p> <p><input type="checkbox"/> reduction of fatigue</p>
1	8/1	<p>If there are cracks in the protective helmet of the driver of a two-wheeled motor vehicle, it is necessary:</p> <p><input checked="" type="checkbox"/> to replace the helmet with a new one</p> <p><input type="checkbox"/> to drive the motor vehicle at a low speed</p> <p><input type="checkbox"/> to repair the helmet using glue</p>
1	9/1	<p>The driver is not adequately protected while driving a two-wheeled motor vehicle when:</p> <p><input checked="" type="checkbox"/> the driver's protective helmet is cracked</p> <p><input checked="" type="checkbox"/> the driver is not wearing special outfit</p> <p><input type="checkbox"/> the direction indicators of the two-wheeled motor vehicle are not functioning</p>
1	10/1	<p>Is the driver obliged to wear a protective helmet when driving a two-wheeled motor vehicle in a populated area?</p> <p><input checked="" type="checkbox"/> yes, in all cases</p> <p><input type="checkbox"/> yes, but only when driving at high speed</p> <p><input type="checkbox"/> no</p>
1	10/2	<p>Is the driver obliged to wear a protective helmet when driving a two-wheeled motor vehicle outside a populated area?</p> <p><input checked="" type="checkbox"/> yes, in all cases</p> <p><input type="checkbox"/> yes, but only when driving a motorcycle</p> <p><input type="checkbox"/> no</p>

1	11/1	<p>The transport of objects on the vehicle's roof causes increase in the fuel consumption.</p> <p><input checked="" type="checkbox"/> true</p> <p><input type="checkbox"/> false</p>
1	11/2	<p>The transport of objects on the vehicle's roof causes:</p> <p><input checked="" type="checkbox"/> increase in the fuel consumption</p> <p><input type="checkbox"/> increase of the vehicle's stability while making turns</p> <p><input type="checkbox"/> increase of the vehicle's stability in the presence of side wind</p>
1	12/1	<p>The fuel consumption of the vehicle during movement:</p> <p><input checked="" type="checkbox"/> increases in case of transport of objects on the vehicle's roof</p> <p><input checked="" type="checkbox"/> increases if the tyre pressure is low</p> <p><input type="checkbox"/> decreases as a result of frequent braking</p> <p><input type="checkbox"/> decreases in case of rapid acceleration</p>
1	12/2	<p>The fuel consumption of the vehicle during movement increases:</p> <p><input checked="" type="checkbox"/> when transporting objects on the vehicle's roof</p> <p><input checked="" type="checkbox"/> if the tyre pressure is low</p> <p><input type="checkbox"/> in case of less frequent braking</p> <p><input checked="" type="checkbox"/> in case of rapid acceleration</p>
1	13/1	<p>Is it allowed to refuel a vehicle while the engine is running?</p> <p><input checked="" type="checkbox"/> no</p> <p><input type="checkbox"/> yes</p>
1	14/1	<p>While refuelling the vehicle, smoking is:</p> <p><input checked="" type="checkbox"/> forbidden</p> <p><input type="checkbox"/> allowed only outside the vehicle</p> <p><input type="checkbox"/> allowed only inside the vehicle</p>
1	15/1	<p>The maintenance of clean and visible registration plates of the vehicle is an obligation of:</p> <p><input checked="" type="checkbox"/> the driver</p> <p><input type="checkbox"/> the owner of the motor vehicle</p> <p><input type="checkbox"/> the passengers</p>

1	16/1	<p>How is the vehicle driveability affected by the low tyre pressure?</p> <p><input checked="" type="checkbox"/> driveability deteriorates</p> <p><input type="checkbox"/> driveability improves</p> <p><input type="checkbox"/> does not affect driveability</p>
1	16/2	<p>Does the low tyre pressure affect the vehicle driveability?</p> <p><input checked="" type="checkbox"/> yes</p> <p><input type="checkbox"/> no</p>
1	17/1	<p>How does the low tyre pressure affect the vehicle's performance?</p> <p><input checked="" type="checkbox"/> the vehicle driveability deteriorates</p> <p><input checked="" type="checkbox"/> fuel consumption increases</p> <p><input type="checkbox"/> has no effect</p>
1	18/1	<p>Low tyre pressure causes an increase in fuel consumption.</p> <p><input checked="" type="checkbox"/> true</p> <p><input type="checkbox"/> false</p>
1	18/2	<p>How does low tyre pressure affect fuel consumption?</p> <p><input checked="" type="checkbox"/> causes an increase</p> <p><input type="checkbox"/> causes a reduction</p> <p><input type="checkbox"/> has no effect</p>
1	19/1	<p>While driving, if the brake pedal "goes down" when pressed and the breaks are not applied, the driver must:</p> <p><input checked="" type="checkbox"/> quickly release the pedal and press it again</p> <p><input type="checkbox"/> continue pressing the pedal without releasing it</p> <p><input type="checkbox"/> press the clutch pedal</p>
1	20/1	<p>If a driver who has consumed alcohol must drive a motor vehicle:</p> <p><input checked="" type="checkbox"/> the driver must wait until the effect of the alcohol has passed</p> <p><input type="checkbox"/> around 2-hour sleep is needed</p> <p><input type="checkbox"/> it is enough to drink a strong coffee or strong tea without sugar</p> <p><input type="checkbox"/> it is enough to drink up a cold energy drink</p>

1	21/1	<p>What advice would you give to a driver who has consumed alcohol?</p> <p><input checked="" type="checkbox"/> take a taxi or use other type of public transportation</p> <p><input checked="" type="checkbox"/> wait until the effect of the alcohol has passed</p> <p><input type="checkbox"/> drink a cup of strong coffee and then drive</p> <p><input type="checkbox"/> drive carefully and at low speed</p>
1	22/1	<p>If a driver must take a medication and the driver does not know if the medication is compatible with driving of a motor vehicle:</p> <p><input checked="" type="checkbox"/> prior to taking the medication, the driver must consult a physician or a pharmacist</p> <p><input type="checkbox"/> the driver may take the medication, but he/she must also consume energy-boosting drinks</p> <p><input checked="" type="checkbox"/> the driver must not continue driving after taking the medication, if he/she does not know whether the medicine is compatible with driving</p> <p><input checked="" type="checkbox"/> prior to taking the medication, the driver must get acquainted with the medicine description intended for the patient</p>
1	23/1	<p>Are there any medications, for which, if taken by the driver, driving of a motor vehicle is prohibited?</p> <p><input checked="" type="checkbox"/> yes</p> <p><input type="checkbox"/> no</p>
1	24/1	<p>What should you do if you have to drive a motor vehicle, but you take a medication without knowing whether it is compatible with driving?</p> <p><input checked="" type="checkbox"/> I must get acquainted with the medicine description intended for the patient</p> <p><input type="checkbox"/> I may take the medication and drive if I feel well</p> <p><input type="checkbox"/> I may rely on an advice from a friend or a relative, and drive</p> <p><input checked="" type="checkbox"/> prior to taking the medication, I must consult a physician or a pharmacist</p>
1	25/1	<p>What should you do if you have to travel, but you have taken a medication which adversely affects driving?</p> <p><input checked="" type="checkbox"/> I will find another driver for the travel</p> <p><input type="checkbox"/> I will drive at low speed</p> <p><input type="checkbox"/> I will drive avoiding heavy traffic areas</p>
1	26/1	<p>May a motor vehicle be driven if the driver's health condition has deteriorated?</p> <p><input checked="" type="checkbox"/> no, the driver must not drive</p> <p><input type="checkbox"/> yes, but after a long period of rest</p> <p><input type="checkbox"/> yes, but after taking an appropriate medication prior to driving</p>

1	27/1	Driving of a motor vehicle after taking a narcotic substance is: <input checked="" type="checkbox"/> forbidden <input type="checkbox"/> allowed without restrictions <input type="checkbox"/> allowed if taken according to a physician's prescription
1	28/1	The driver is prohibited from driving a vehicle with a blood alcohol concentration exceeding 0.5 per thousand and/or after using narcotic substances or their analogues: <input checked="" type="checkbox"/> true <input type="checkbox"/> false
1	29/1	The driver is prohibited to drive a road vehicle that is suspended from traffic and no temporary movement permit has been issued: <input checked="" type="checkbox"/> true <input type="checkbox"/> false
1	30/1	The driver of a road vehicle is allowed to perform manoeuvres consisting of sudden crossing of traffic lanes: <input type="checkbox"/> true <input checked="" type="checkbox"/> false
