

Theme: 16. DRIVER'S OBLIGATIONS

Poi nts	K	No.	Question, answers	Figure
1		16/1.	<p>If stopped for check by control authorities, providing no other instructions have been given, the driver must:</p> <p>stop smoothly stop in the rightmost part of the driveway stop immediately in front of the control authorities stop in the middle of the road lane currently being used</p>	
1		16/2.	<p>Is it allowed to use a mobile phone while driving the vehicle?</p> <p>no, unless there is a hands-free device yes, without restrictions no, it is prohibited in all cases yes, outside populated areas</p>	
1		16/3.	<p>Providing there is no hands-free device, in order to answer an incoming call, the driver:</p> <p>must find a safe place to stop may hold the steering wheel with one hand and talk is enough to reduce the speed, and then may use the phone must stop immediately</p>	
1		16/4.	<p>In which of the cases below is the driver allowed to hold the mobile phone in his/her hand while talking?</p> <p>if he/she has stopped the vehicle at a safe place if the driver must dial an emergency number if there is no heavy traffic on the road if he/she drives at a low speed</p>	
1	B	16/5.	<p>For which of the failures listed below is it allowed to move to a place where the failure will be removed?</p> <p>failure in the speedometer the directions indicators are not functioning in daytime the cooling system is no longer air-tight missing or failure in the element securing the wheel rim to the wheel hub</p>	
1	B	16/16.	<p>Is the movement of a combination of road vehicles allowed if there is a failure in the the braking system of the trailer?</p> <p>no yes</p>	
1		16/20.	<p>When driving on roads open for public use, the driver:</p> <p>must not throw out or leave objects on the road is not obliged to remove objects which have fallen from the vehicle must comply with the existing CO₂ emissions standards for motor vehicles must not create danger and obstacles to the traffic</p>	
1	ТКТ	16/21.	<p>The transportation of passengers is:</p> <p>prohibited in a cargo trailer allowed in a camping trailer prohibited in the cargo bed of a dumper truck allowed in a tractor</p>	

1	B	16/22.	<p>Is it allowed to transport passengers in a camping trailer?</p> <p>no yes</p>	
1	ТКТ	16/23.	<p>Is it allowed to transport passengers in a cargo trailer?</p> <p>no yes</p>	
1	B	16/24.	<p>Is it permissible to transport more than the specified number of passengers on the rear seat of a passenger car?</p> <p>it is not permissible it is permissible to transport one child up to 7 years of age it is permissible to transport one child up to 14 years of age</p>	
1		16/25.	<p>What are the driver's obligations if the cargo being transported falls on the road?</p> <p>must take the necessary measures to ensure the signalization of the cargo and the vehicle must take measures to ensure that the cargo is removed from the road the driver has no obligations related to the cargo being transported the driver is only obliged to inform the road authorities</p>	
1		16/26.	<p>Is it allowed to exceed the permissible maximum mass of the road vehicle specified in the registration certificate during transport of goods?</p> <p>no yes, when the transport is in a populated area yes, when the transport is at a distance of up to 10 km yes, if the excessive load is up to 25%</p>	
1		16/27.	<p>Which of the following can be used to designate cargo which extends forwards by more than 1 m from the frontmost part of the vehicle?</p> <p>a red flag when driving in daytime a white reflector when driving at night white light when driving at night red light when driving in daytime</p>	
1		16/28.	<p>When driving at night, which of the following can be used to designate cargo which extends forwards by more than 1 m from the frontmost part of the vehicle?</p> <p>a white reflector white light red flag red light</p>	
1		16/29.	<p>Which of the following can be used to designate cargo which extends backwards by more than 1 m behind from the rearmost part of the vehicle?</p> <p>a red flag when driving in daytime a red reflector at night red light at night white light in daytime</p>	

1		16/30.	<p>When driving at night, which of the following can be used to designate cargo which extends backwards by more than 1 m behind from the rearmost part of the vehicle?</p> <p>a red reflector red light a red flag white light</p>	
1		16/31.	<p>When driving in daytime, any cargo extending forwards or backwards by more than 1 m from the frontmost/rearmost part of the vehicle shall be designated using:</p> <p>a red flag red light white light a red reflector</p>	
1		16/33.	<p>The cargo shall not be designated if extending forwards from the frontmost part of the road vehicle by a distance of:</p> <p>up to 1 m up to 1,5 m up to 2 m up to 3 m</p>	
1		16/34.	<p>The cargo shall not be designated if extending sideways from the sidemost part of the road vehicle by a distance of:</p> <p>up to 0,2 m up to 0,5 m up to 1,0 m up to 1,5 m</p>	
1		16/35.	<p>The cargo shall not be designated if extending backwards behind from the rearmost part of the road vehicle by a distance of:</p> <p>up to 1 m up to 1,5 m up to 2 m up to 3 m</p>	
1	TKT	16/36.	<p>It is the driver's obligation to ensure that the cargo being transported:</p> <p>does not cover the rear-view mirrors does not cover the light and signal equipment of the vehicle is secured is insured</p>	
1	TKT	16/37.	<p>It is the driver's obligation to ensure that the cargo being transported:</p> <p>is covered if it reflects the light and may dazzle other road users is secured does not cover the vehicle's light equipment is wrapped up in accordance with the manufacturer's requirements</p>	

1	TKT	16/38.	<p>It is the driver's obligation to ensure that the cargo being transported is:</p> <p>covered if it reflects the light and may dazzle other road users</p> <p>secured</p> <p>insured</p> <p>wrapped up in accordance with the manufacturer's requirements</p>	
1	TKT	16/39.	<p>Which of the following requirements must be met by the cargo being transported?</p> <p>the cargo must not cover the rear-view mirrors</p> <p>the cargo must not cover the vehicle's light equipment</p> <p>the cargo must not cover the vehicle's signal equipment</p> <p>the cargo must be wrapped up and labeled</p>	
1	TKT	16/40.	<p>It is a mandatory requirement that the cargo must not cover:</p> <p>the vehicle's signal equipment</p> <p>the rear-view mirrors</p> <p>the vehicle's interior lights</p> <p>the equipment used to secure the cargo against falling</p>	
1	TKT	16/41.	<p>In which of the cases listed below there is a road traffic safety requirement that the cargo being transported should be mandatorily covered?</p> <p>when the cargo reflects the light and may dazzle other road users</p> <p>when the cargo may be scattered</p> <p>when it rains or snows</p> <p>when the cargo is not secured</p>	
1		16/42.	<p>Which of the documents listed below the driver must carry while driving the motor vehicle?</p> <p>a driving licence valid for the category of the motor vehicle being driven</p> <p>a certificate for registration of the motor vehicle</p> <p>a certificate of civil liability insurance</p> <p>a certificate for paid motor-vehicle tax</p>	
1		16/43.	<p>When is the driver obliged to present for inspection his/her documents for driving of a motor vehicle?</p> <p>in all cases, if so required by a representative of the control authorities</p> <p>only if the driver has committed a road traffic offence</p> <p>only if involved in road traffic accident</p>	
1		16/44.	<p>Is it compulsory for the driver to carry a certificate of civil liability insurance?</p> <p>yes</p> <p>no</p>	
1	TKT	16/45.	<p>When driving a composition of road vehicles, must the driver carry a registration certificate of the trailer?</p> <p>yes</p> <p>no</p>	
1		16/46.	<p>In order to be driven on the road, it is mandatory for the motor vehicle:</p> <p>to be registered</p>	

			to have "Casco" insurance to be equipped with tools for repair	
1	B	16/47.0	The three- and four-wheeled motor vehicles moving on the road must be equipped with: a light-reflective vest a safety triangle a tow rope a fire extinguisher	
1	B	16/47.1	The three- and four-wheeled motor vehicles moving on the road must be equipped with: a first-aid kit a light-reflective vest a safety triangle snow chains for tires	
1	B	16/47.2	The three- and four-wheeled motor vehicles moving on the road must be equipped with: a first-aid kit a fire extinguisher a tow rope tools for repair	
1	B	16/48.	The transport of a child under 12 years of age on the front seat of a passenger car is: allowed under the condition that a special child seat has been additionally placed forbidden in all cases allowed under the condition that an adult person is holding the child allowed if the child is over 120 cm tall	
1	B	16/49.	When is the driver obliged to use the seat belt? always regardless of the type of road on which the driver is driving only when moving on a road outside a populated area only when moving on a road in a populated area only when moving at a speed of more than 50 km/h	
1	B	16/50.	In which of the cases listed below the driver is obliged to use the seat belt? when moving on a road outside a populated area when moving on a road in a populated area when moving on a highway only when moving at a speed of more than 30 km/h	
1	B	16/51.	The movement of a passenger car with curtains on the rear side windows is: allowed if the passenger car is equipped with wing mirrors on both sides prohibited allowed in all cases	
1	TKT	16/52.	Is it allowed to tow a trailer without a registration plate? it is not allowed yes, when the permissible maximum mass of the trailer is up to 750 kg yes, when the trailer is towed by a wheeled tractor yes, if it is a single-axle trailer	

1	TKT	16/53.	What should you do if you are causing a line of road vehicles due to movement at a low speed? I should stop as soon as possible and let the line of vehicles pass I am not obliged to take into consideration the vehicles behind me
